MICA	Organ system toxicity (non-reproductive), Persistence and bioaccumulation	 Data: Fair
SILICA, AMORPHOUS	<i>None Identified</i>	 Data: Fair

[About the ratings](#)

EWG provides information on personal care product ingredients from the published scientific literature, to supplement incomplete data available from companies and the government. The ratings below indicate the relative level of concern posed by exposure to the ingredients in this product - not the product itself - compared to other product formulations. The ratings reflect potential health hazards but do not account for the level of exposure or individual susceptibility, factors which determine actual health risks, if any.
