None Identified

Data: **Limited**

HYALURONIC ACID

None Identified

Data: **Fair**

HYDROXYETHYLCELLULOSE

None Identified

Data: **Fair**

WATER

Innocuous

Data: **Robust**

About the ratings

EWG provides information on personal care product ingredients from the published scientific literature, to supplement incomplete data available from companies and the government. The ratings below indicate the relative level of concern posed by exposure to the ingredients in this product - not the product itself - compared to other product formulations. The ratings reflect potential health hazards but do not account for the level of exposure or individual susceptibility, factors which determine actual health risks, if any.
